Who is Who?

Past experience and study

- [M.S./OSU & Infineon Sen. Principal Eng. Supply Chain](#)
- Experience - 40 years in the semiconductor industry and in Supply Chain
- Head of [Supply Chain Innovations](#)
- Initiator of European and German funded projects

Hans Ehm

Fun fact about me: The first time I was winning a running race was this year (I was the only starter in my age 😊)

Hobbies and free time

Travelling with the family including my grown up daughters with their husband and boy friend

Who is Who?

Past experience and study

- Staff Engineer SC @ Infineon
- Environmental Engineering Msc.
- Joined Infineon as intern in 2018
- Team Lead SC Simulation and Digital Twins for Resilience

Hobbies and free time

Reading, running

Half marathon once every year since
6 years

Abdelgafar Ismail

Fun fact about me: Polyglot
6 languages

Who is Who?

Past experience and study

- Since 04/2026 Intern at Infineon
- Bachelor's Degree in Industrial Engineering
- Studies in Industrial Engineering M.Sc. at University of Augsburg

Hobbies and free time

Gym, Running, Drawing and Cooking

Anna Linnemann

Fun fact about me: Every birthday has always been a shared celebration because I'm a triplet.

Who is Who?

Past experience and study

- Senior Associate at Stern Stewart; joined 2023
- Bachelor and Master in BA & Finance from the University of St. Gallen

Hobbies and free time

- Cooking
- Reading (mostly thrillers)
- Sports (Tennis & Golf)

Botho Schanze

Fun fact: Despite being German, I don't like the taste of beer 😊

Who is Who?

Past experience and study

- Associate at Stern Stewart; joined 2025
- Master in BA from Stockholm School of Economics
- Bachelor in BA from University of Mannheim

Hobbies and free time

- Hiking
- Traveling
- Football

Tim Daniel

Fun fact: As a child, I got forgotten in an Ikea by my parents – fortunately, they noticed at some point

Who is Who?

Past experience and study

- Associate at Stern Stewart; joined 2025
- Bachelor in Management & Economics from Zeppelin University
- Master in Finance from Nova SBE

Hobbies and free time

- Cooking
- Tennis
- Football

Hans Philipp Meyer

Fun fact: I did vaulting
(Gymnastics on the horse)
for 1 year

Who is Who?

Past experience and study

- 2nd Year Computer Science Student — BIT (First Year GPA 16.26/20)
- International Intern — UDS Company, Ghana (2025)
- Participant — Hackathon des Grandes Écoles (HGE), 2026

Hobbies and free time

- Traveling
- Reading
- Exploring new technologies and design

Delwende Esther Wangré

Fun fact: If a book's story truly captivates me, I can stay up all night reading until the very last page.

Who is Who?

Past experience and study

- Final-year B.Sc. Computer Science
- Full-Stack Web & Mobile Developer intern at Inviis, Ouagadougou
- (August -October 2025)
- Baccalaureate Sciences Serie, from Saint Joseph Fada N'gourma

Hobbies and free time

- Football
- Nature & Plants
- Musique
- Manga
- UFC

NADINGA Yienouyaba Phares

Fun fact: During the 2018 World Cup, I watched a Portuguese player make an outside-of-the-foot pass. For an entire month, I tried to cross the ball the same way.... With a 75% failure rate

Who is Who?

Past experience and study

- **BSc Computer Science & Entrepreneurship**
 - Burkina Institute of Technology (BIT)
- President, BIT English Club
- OCVP Marketing & Communication, YFFLE 2026
- Team Captain, BIT Representative Teams – Hackathon des Grandes Écoles
- AIESEC in Koudougou Member

Hobbies and free time

- Judo
- Entrepreneurship
- Reading about Emerging Technologies & Innovation
- Community Leadership

Abdoul Ben Fatao SANON

I am a Judo practitioner and enjoy turning real-world problems into software solutions.

Who is Who?

Past experience and study

- 2nd Year B.Sc. Computer Science (Entrepreneurship & Programming)
- Burkina Institute of Technology (BIT)
- Self-initiated internship program (Year 1) ,web client acquisition & site conception
- Certifications in web development (self-directed, mentored)

Hobbies and free time

- Volleyball
- Cooking
- Exploring new technologies

Christelle DEHOUMON

When I was little at a Christmas party, my brother got tangled in the fairy lights and got electrocuted and trying to pull him free, I got shocked too. There we were, both buzzing, until my dad finally unplugged the socket! 🤪

Who is Who?

Past experience and study

- Third-year Computer Science student at Burkina Institute of Technology (BIT), specializing in Programming & Entrepreneurship (expected graduation: 2026)

Hobbies and free time

- Learning new languages
- Sport
- Music

MADIEGA S Aida Justine

I love turning AI ideas into real projects

Who is Who?

Past experience and study

- Bachelor's Degree in Computer Science

Hobbies and free time

- Reading
- Crochet and knitting
- Entrepreneurship
- Travelling

VEBAMBA Alix Carine

Fun fact: I can spend an entire afternoon crocheting without noticing the time passing, once I start I don't stop.

Who is Who?

Past experience and study

- Open Source contributor ; Since March 2026
- Intern at SITECO & BIT SOLUTION; 2025
- Bachelor in Computer Science & Entrepreneurship at BIT
- Student Representative – 100% Girls; Since 2025

Hobbies and free time

- Walking, Football
- Meaningful conversations
- Exploring new cuisines
- Exploring AI and innovation
- Leadership podcasts & talks

**Wendtoin Filomene Tania
ZABRE**

Fun fact: I believe every person has a story that can teach us something valuable.

Who is Who?

Past experience and study

Bachelor's in Computer Science, currently pursuing a Master's. Interned at Sonabel, modernizing a legacy level-management system with a modern tech stack.

Hobbies and free time

Wildlife and tech documentaries, psychology and entrepreneurship shows, design, and coding it's as much a hobby as a job to me.

**BICABA P. Jean-Louis
Rayane**

Fun fact about me

The more discouraged I get on a complex project, the harder I push. I never let myself give up.

Who is Who?

Past experience and study

- BSc Computer Science, BIT Koudougou (2024-2027)
- Internship at SITECO, Germany (2023-2024)
- Hackathons: Grandes Ecoles & BIT Plastic's Bags

Hobbies and free time

- Singing
- Listening to music

Mariata Nikiema

Fun fact about me

I did an internship in Germany before ever setting foot in Europe.

Who is Who?

Past experience and study

- BSc @ BIT Koudougou
- Internship at Infineon in Munich, Germany (2025-2026)

Hobbies and free time

- Sports
- Listening to music

Wilfried Job Yameogo

Fun fact about me

Burkina Faso Sustainable Farm

bit

EXCELLENCE PROGRAM

Recap: Intake 2025

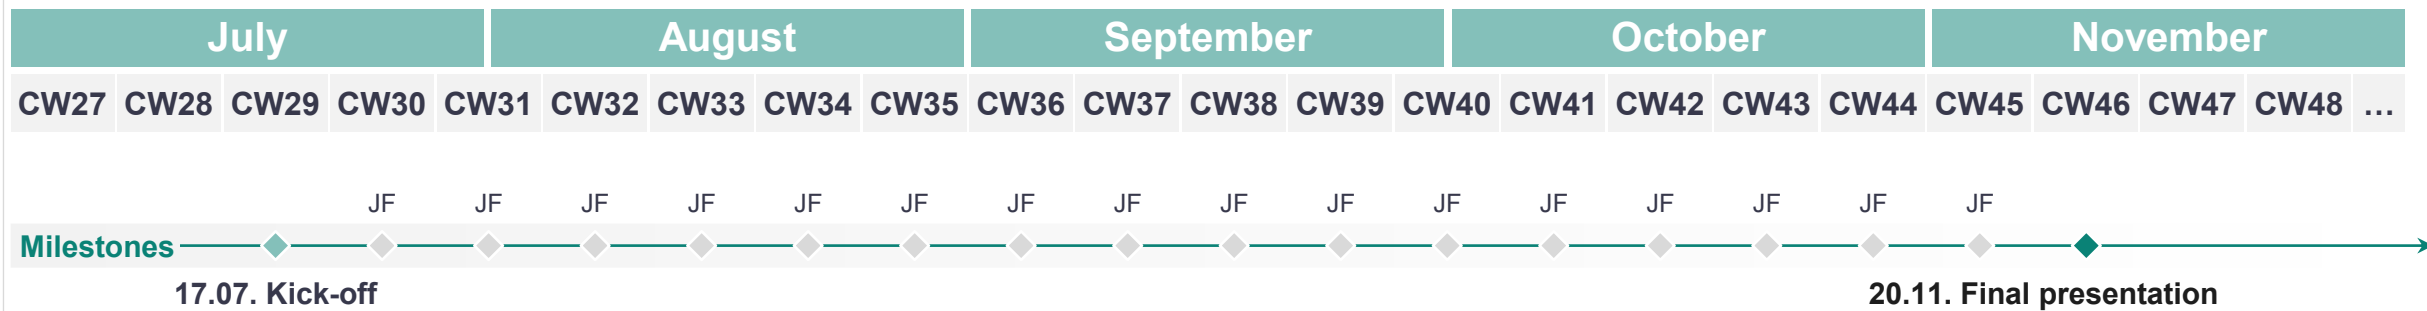

Case study

- Goal of prior cohort: Develop a **sustainable farm** in Burkina Faso for **dried mango production**
- Each participant focused on one aspect, detailing **technical and financial requirements** as well as feasibility
- Final deliverable: Presentation + Excel outlining **full business case**, including initial investment and expected returns

Deep dives

Topic	Description
Plants	Plantation details
Water supply	Irrigation system
Product transformation	Ball mill grinder
Crop storage	Smart dryer
Energy supply systems	Solar power & tracking
Visitor management	Voice translator
Fencing and security	Facial recognition software
Machinery	Processing machines

Timeline 2026

Example: Facial recognition software

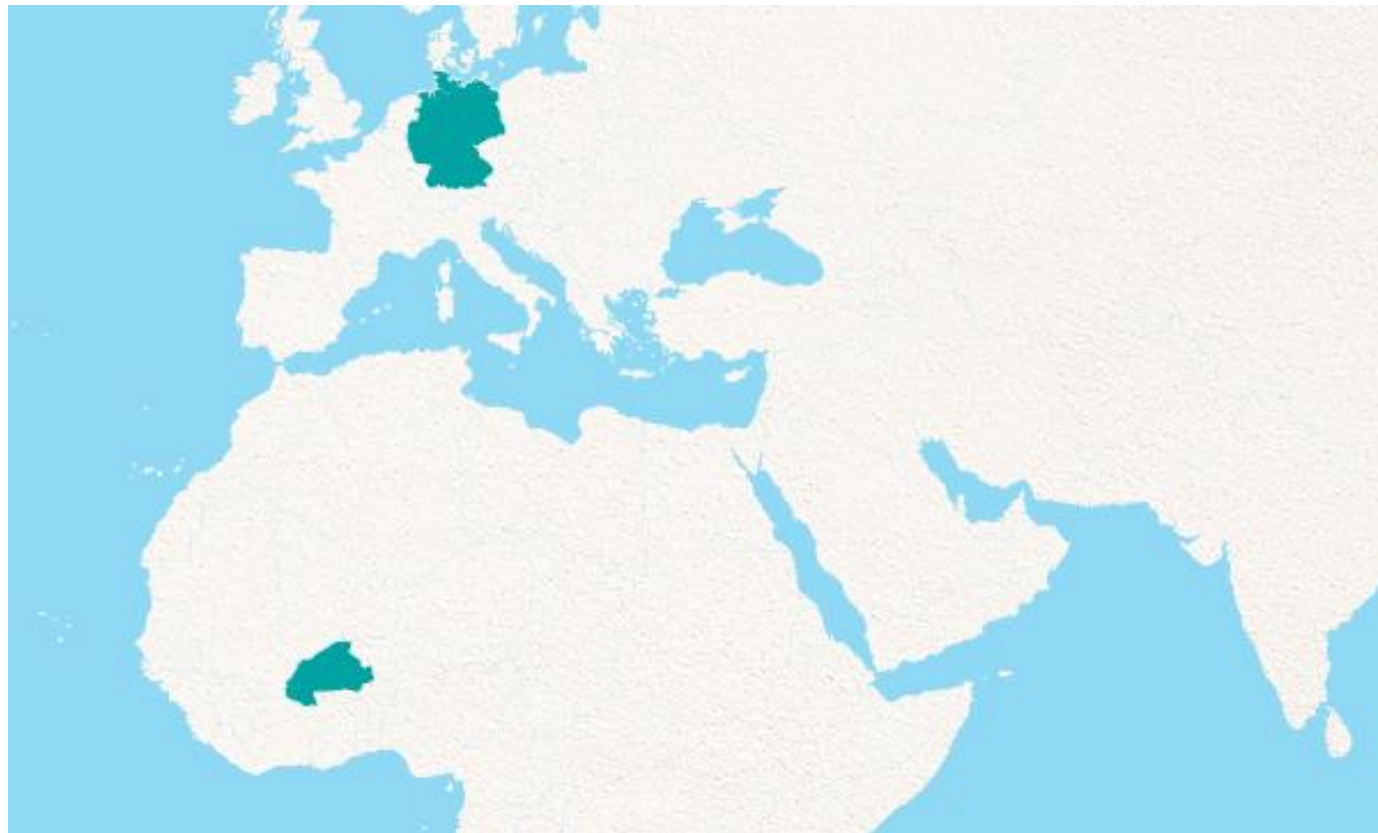

- 1 Plants
- 2 Water supply
- 3 Product transformation
- 4 Crop storage
- 5 Energy supply systems
- 6 Visitor management
- 7 **Fencing and security**
- 8 Machinery

Annual benefits		
Assumptions		
Security guard salary	Theft reduction rate	Maintenance improvement rate
20.000 €	20%	15%
Annual savings		
Benefit type	Amount (€)	Details
Theft reduction	2.000,00 €	Loss prevention
Personnel cost reduction	20.000,00 €	Automated monitoring
Maintenance improvement	5.400,00 €	Efficiency gains
TOTAL SAVINGS	27.400,00 €

New Project: Dried Mango from Burkina Faso to Germany

Source: [article dm produktweg](#)

Your project: 3-layer sustainable supply chain farm

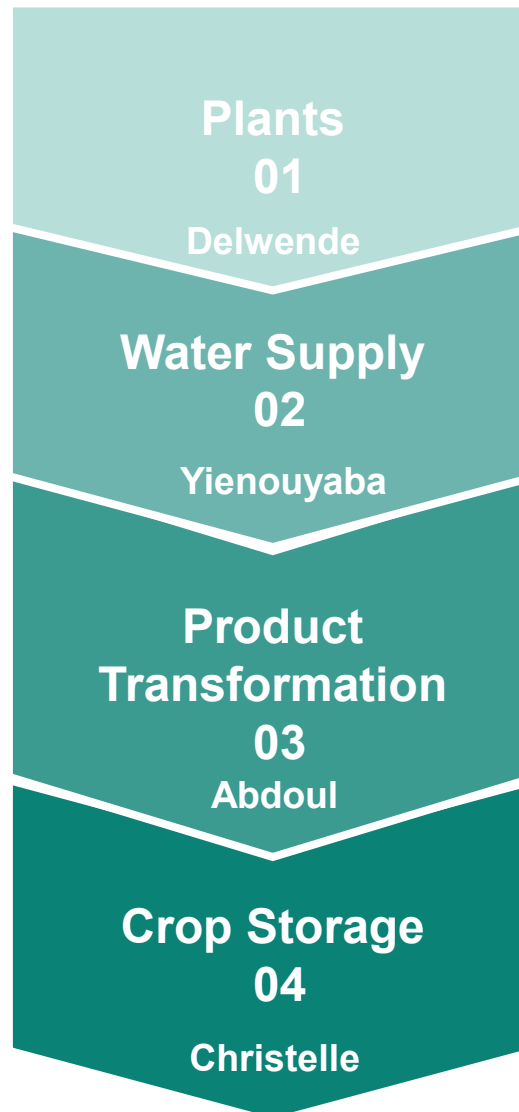

What are your tasks within the project

- Mango variety selection & tracking
- Planting schedules & growth stages
- Fertilizer procurement & inventory
- Disease & pest monitoring
- Harvest readiness alerts
- Seedling nursery mgmt

- Mango washing & sorting process
- Drying process mgmt
- Quality control checkpoints
- Packaging workflow tracking
- Batch processing records
- Food safety compliance

- Irrigation scheduling & automation
- Water consumption tracking
- Rainwater harvesting monitoring
- Drip irrigation mgmt
- Water quality testing logs
- Drought alert system

- Inventory mgmt
- Temperature & humidity monitoring
- Stock rotation (FIFO)
- Loss & waste tracking
- Storage capacity planning

What are your tasks within the project

- Solar panel monitoring
- Energy consumption tracking
- Renewable energy mgmt
- Cost optimization
- Carbon footprint calculator
- Generator backup mgmt

- Perimeter monitoring
- Access control mgmt
- Security alerts & notifs
- Camera feed integration
- Incident reporting
- Night patrol scheduling

- AI demand forecasting
- Customer relationship mgmt
- Multi-channel sales mgmt
- Dynamic pricing engine
- Marketing campaign mgmt
- Delivery tracking integration

- Farm tour scheduling
- Visitor registration
- Educational program
- Safety briefings tracking
- Agritourism booking system
- Visitor feedback collection

- Equipment maint. schedules
- Usage & hours tracking
- Repair logs & history
- Fuel consumption monitoring
- Operator assignments
- Spare parts inventory

Table of contents

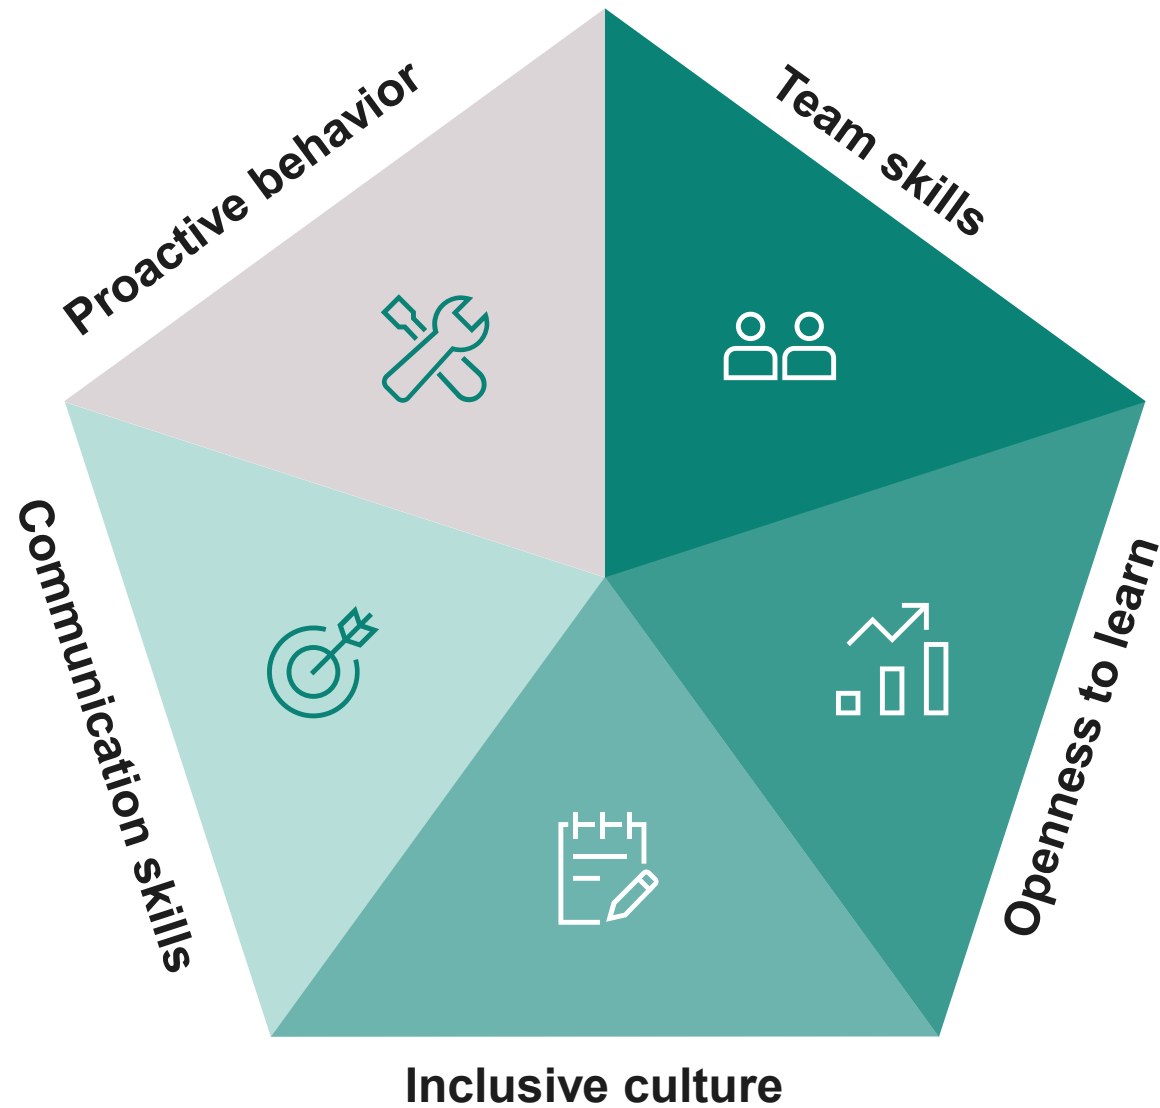

1	Introduction round	3
2	Status Quo: Existing Sustainable Farm	20
3	Your Project: Sustainable Supply Chain for dried mango from Africa to Germany	24
4	Next steps	30

Next steps

- Study the sustainable farm from last year
- Use it as foundation for the new project
- Everyone focus on his task with possibility to brainstorm together as a team
- Next week: summarize what you worked on during the week and update your homepage

Core competences or skills to focus on & improve
